The list of roses as submitted herewith for your consideration is not very long, but it is made up from tested varieties — varieties tested in our district and found worthy.

The list of Hybrid Perpetual roses could be longer, as there are several other good varieties; but the thirteen varieties as submitted are enough to satisfy most wants for assortment.

The Hybrid Tea roses are much more prolific than the Hybrid Perpetual, inasmuch as they are practically always in bloom, and the flowers are large enough to be used for any purpose; while the small Baby Ramblers are more effective in the same sense as Geraniums or any other garden flower simply as a decoration outdoors.

The Japanese roses are valuable for their vigorous growth, growing into bushes 6 to 8 feet high; they are covered with bloom long in advance of the other sorts.

Our list of climbing roses include all hardy varieties that are worth while; not one has been omitted. Any one of the roses on the enclosed list will give satisfaction.

"The Garden" Furseries can supply many other varieties from stock, but these few are the chosen.
Hardy Climbing Roses.

American Pillar. Flowers of enormous size, three to four inches in diameter, of a lovely pink, with a clear white eye and cluster of yellow stamens; borne in immense bunches.

Aviateur Bleriot. A strong-growing plant with beautiful glossy, insect and disease-proof foliage, and bearing large clusters of medium-sized full double flowers of a saffron yellow, deepening to an almost golden-yellow at the centre. Strong two-year-old plants, 75¢ each; $7.50 per dozen. Three-year-old plants, $1.00; $10.00 per dozen.

Christine Wright. A most exquisite rose; strong climbing habit, with large heavy, dark green foliage immune to disease; double flowers, from 3½ to 4 inches in diameter. Price, 75¢ each; $7.50 per dozen.

Climbing American Beauty. Rosy crimson, similar to its popular parent, and with the same exquisite fragrance, a quality rarely found in climbing roses. Flowers three to four inches in diameter.

Dorothy Perkins. Soft shell-pink, flowering profusely in large clusters, very fragrant and lasting; a grand rose in every way.

Execlsa. A distinct variety in form, color, and habit; vigorous in growth with healthy dark, glossy green foliage. The flowers are very double, produced in large trusses of thirty to forty, and almost every eye on a shoot produces clusters of flowers. Intense crimson-maroon, the tips of the petals tinged with scarlet. Best of all.

Hiawatha. No other climbing rose as brilliant. Its flowers are about 1½ inches across, and produced in long, pendulous sprays, with frequently from 40 to 50 flowers on a spray. Brilliant ruby-carmine, with a clear white eye and a mass of golden stamens. Semi-double.

Lady Gay. A desirable variety of remarkable vigorous growth, with flowers of a delicate cerise-pink, passing to soft-tinted pink. One of the best.

Tausendschoon. Individual flowers very large for this type of rose. A most delightful shade of soft pink when opening, changing to carmine on the reverse of petals when fully expanded. These are produced in trusses of 10 to 15 flowers, each truss a bouquet.

White Dorothy. Among Rambler Roses none has justly gained greater popularity than the beautiful pink Dorothy Perkins. The White Dorothy is a duplicate, except in color.

Prices unless otherwise quoted: All varieties in strong, selected two-year-old plants, 50¢ each; $5.50 per dozen; 25 plants for $11.00; $42.00 per hundred. Extra large plants, $1.00 to $2.00 each.
Hybrid Perpetual Roses.

Baron de Bonstetten. Velvety blackish crimson; very large, double, fragrant flowers; strong grower. The black rose; a fine variety.

Clio. Flesh color, shaded deep pink in the centre; large, full, and globular.

Frau Karl Druschki. This is the ideal hardy White rose, pure in color, perfect in form; strong grower, and remarkably free-flowering.

Hugh Dickson. Brilliant crimson, shaded scarlet. A magnificent rose of good size and excellent form; free and fragrant.

J.B. Clark. Immense size; scarlet with crimson shadings; most prolific.

John Hopper. Rose; one of the popular old varieties.

Magna Charta. Bright pink, suffused with carmine; a beautiful rose, and a strong, vigorous grower; one of the best.

Margaret Dickson. Very large; pure white; the best of its color.

Mrs. John Laing. Soft pink, of beautiful form, exceedingly fragrant and remarkably free-flowering; always does very well, and stands very close to the top among fine roses.

Oakmont. Flush pink; a splendid rose.

Prince Camille de Rohan. Deep velvety crimson-maroon, shaded scarlet; a magnificent dark rose.

Ulrich Brunner. Bright cherry-red; flowers large and full; a good strong grower and always does well.

Victor Verdier. Velvety carmine. One of the popular old varieties.

Call and inspect our fine Pansy Beds; you will see Pansies in many unusual colors.

Have you seen our new Pink Cannas in bloom?
Hybrid Tea Roses

In eighteen selected varieties, all tried in our locality.

Betty. Strong vigorous grower, producing in great profusion large, delicately-scented flowers of a coppery-rose color, suffused with a golden sheen.

Caroline Testout. One of the most popular and valuable bedding varieties; large, full, globular flowers of bright satiny-rose, with brighter center; very free and fragrant. State flower of Oregon.

Étoile de France. Vivid crimson with darker shadings, fine cupped form, very double and large. One of the best.

Farbenkonigin or Queen of Colors. A very attractive and showy variety, the large fragrant flowers being a most desirable imperial pink. One of the most popular roses in Europe.

George C. Waud. A beautiful variety, possessing a shade of color hitherto unknown among roses - a glowing vermilion with orange-red suffusion. Flowers are large, full, of perfect form, and highly tea-scented. Grows vigorously; very free flowering.

Grossherzog Friedrich. A highly perfumed carmine-rose pink; flower of medium size; almost always in bloom.

Gruss an Teplitz. This is a rose for everybody, succeeding under the most ordinary conditions. In color it is of the richest scarlet, shading to a velvety-crimson; very fragrant, a free strong grower, and in bloom all the time.

Harry Kirk. A splendid rose, of most robust growth, with free-branching habit, flowering continuously; the blooms are large, with smooth, large petals of great substance; the form is perfect, the buds long and elegant; deep sulphur-yellow, passing to a lighter shade at the edges of the petals.

J. B. Clark. Very strong branching habit, with large beautiful foliage and being perfectly hardy; flowers of immense size that attract attention. These are full double, of an intense scarlet with crimson, and are produced most freely in June.

Jonkheer J. L. Mock. This beautiful rose has quickly found its place among our best bedding varieties. The flowers, which are produced with the greatest freedom on long, stiff stems, are of large size and silvery rose; highly perfumed.

Kaiserin Augusta Victoria. A soft pearly white, tinted with just enough lemon in the center to relieve the white; remarkably fragrant; beautifully formed flowers on long graceful stems; a strong free healthy grower, with bold, handsome foliage.
Killarney. Perfectly hardy. In growth it is strong and robust, and as free flowering as any rose we know. In color it is a sparkling brilliant pink; the blooms are large, the buds long and pointed, the petals very large and of great substance, and just as handsome in the full-blown flower as in the bud form.

Lyon. The long buds are tipped coral-red and chrome-yellow at the base. The flowers when expanded are large and full, with broad petals of superb color, being a coral-red or salmon-pink shaded with chrome-yellow in the centre, toning to a shrimp-pink at the tips.

Jules Grolez. A beautiful satiny china rose, very bright and attractive flowers, very double, of fine form and remarkably free-flowering.

Révary. Desirable on account of its distinct color, which is of a rich deep nankeen-yellow, becoming lighter as the flower expands.

Maryland. Very free flowering, every shoot bearing one or more flowers, which are double, of perfect form, of a bright but tender salmon-pink, which lightens up beautifully as the flower expands.

Richmond. A well-known brilliant crimson-scarlet; not very double, but beautiful in bud form, and always in bloom.

Hybrid Tea Roses (H. T.) are not quite as iron-clad as Hybrid Perpetual Roses (H. P.) but they are always in bloom, not only in June, but all summer and fall.

Baby Rambler Roses. Dwarf, Everblooming.
Erna Teschendorff. A "sport" from the Crimson Baby Rambler, as bright as Cruss an Teplitz, the well-known Hybrid Tea, which has been well described as the "Reddest of all Red Roses."

Louise Walter (Baby Tausendschoen). Identical in color to the popular climbing Tausendschoen, a soft, tender shade of pink; flowers 1½ to 2 inches in diameter produced throughout the season in trusses of 10 to 20 flowers each.

Mrs. Cutbush (Cerise-pink Baby Rambler). Identical in color to the beautiful Lady Gay Rambler; always in flower.

Japanese Roses – Rosa Rugosa.
Double red; splendid foliage; most hardy of all; enormously prolific and in bloom long before all other Roses, as it begins blooming in May. Strong two-year-old plants, 60¢; field grown plants, $1.50 each.

Madame George Bruant. Pure white, very large, delicately fragrant. One of the best strong-growing roses. Two-year-old plants, 60¢; three to four-year-old plants, $1.50 each.

Single Pink, 3 feet, 50¢ each.

Conrad Ferdinand Meyer. In France. Pink, prolific; the best Hybrid Rugosa. Some think it is the best rose.
